Furniture designed for life

Escana Bedroom Collection

Escana Bedroom Collection

Stylish, contemporary design

The Escana collection of bedroom furniture is highly contemporary in design. Crafted from solid White Oak and Oak veneers with a subtle lacquered finish, the crisp, linear nature of the design, combined with the natural finish and light honey tones of the wood, give the range a subtle sophistication. The clean lines of the headboard and square detailing of the base of the bed combine well with the other pieces and give this range a stylish, contemporary feel.

The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process and grain detail adds character.
