## CHAMBERY

*A modern version of French farmhouse furniture*

**C**rafted from solid, white Oak and Oak veneers with a warm honey-coloured finish, the Chambéry collection represents a modern version of French farmhouse furniture. The clean lines of the design combined with interesting detailing and a gently aged, oiled finish give an essentially traditional range a subtle contemporary twist. This range, which is ideal for both formal and informal dining, will bring to your home an element of French country style.

The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds authentic character.
