Furniture designed for life

Escana Dark Dining Collection

Escana Dark Dining Collection

Chic, contemporary design

The Escana Dark collection of dining and occasional furniture is modern and sophisticated. Crafted from solid Oak and Oak veneers with a dark chocolate stain and subtle, lacquered finish, the crisp linear design combined with the subtle colouring of the wood creates a range that is the epitome of chic, contemporary design. The texture of the faux suede on the dining chair introduces an element of softness to the crisp lines of the other pieces and makes this an ideal range for both town and country settings with a contemporary feel.

The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds character.
