Furniture designed for life

ESPRIT COLLECTION

# ESPRIT COLLECTION

*Understated, contemporary style*

Our Esprit bedroom collection is crafted from solid Oak and Oak veneers with a subtle, lacquered finish. With its simple, clean lines and understated contemporary style it will suit your apartment, town house or country cottage. Stylish and elegant, the collection represents an outstanding combination of excellent design, flexibility and exceptional value for money. The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds authentic character.
