INSTINCTS COLLECTION

A distinctly contemporary feel combined with strong elements of the Shaker tradition

The Instincts collection of dining furniture has a distinctly contemporary feel. The strong elements of the Shaker tradition within the design makes this a range that works equally well in a modern or traditional setting. Ideal for a casual, relaxed style of dining, the range is crafted from Oak solids & veneers with a subtle, lacquered finish. The clean, unfussy lines of the design combine with the pale tones of the wood to give a simple, uncluttered look. The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds authentic character.
