Furniture designed for life

JAVA COLLECTION

JAVA COLLECTION

Relaxed, contemporary entertaining

The Java collection of dining room furniture is crafted from Hevea and Hevea veneers with a gently distressed, lacquered finish. The epitome of fusion design it combines Indonesian style with contemporary chic giving the pieces character and individuality. Ideal for relaxed, contemporary dining, the range works well in both urban and country settings. The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds authentic character.
