Zanzibar Collection

Simple, ethnic chic

The Zanzibar collection of bedroom furniture combines the detail and richness of tone of ethnic furniture with a distinctly contemporary design to create a range that while reflecting current trends is also highly versatile. Crafted from a hardwood called Hevea with a gently aged, lacquered finish, the depth and warmth of the wood and simple clean lines of the design work well in both urban and country settings. This is a range that will bring character and subtle sophistication to your home.

The range has a unique quality due to the fact that the small imperfections that characterise the timber have occurred naturally in the forest rather than through an artificial distressing process. Grain detail and occasional knotting adds authentic character.
